

Compliance Evidence Instruction

Nexora Labs · Compliance Instruction · Version 1.0

Document ID	CMP-GEN-008	Version	1.0
Category	Compliance Instruction	Effective date	2026-02-15
Owner	Compliance	Review date	2027-02-15
Applies to	All employees	Status	Active

1. Purpose and Scope

- 1.1 This document sets out the compliance evidence Nexora Labs collects for client audits and certification.
- 1.2 The purpose of this instruction is to keep audit evidence complete, traceable and current.

2. Annual Compliance Training

- 2.1 All employees must complete the annual compliance training within thirty days of their joining date and every twelve months thereafter.
- 2.2 Employees must pass the compliance training assessment with a score of at least eighty percent.
- 2.3 Line managers must confirm completion of compliance training for each new joiner in the HR portal.

3. Audit Evidence

- 3.1 Every team must keep audit evidence in the compliance evidence library, not in personal folders.
- 3.2 QA Engineers must retain test evidence for each release for at least twelve months.
- 3.3 DevOps Engineers must export access review records to the evidence library every quarter.
- 3.4 Audit evidence must not be edited after it has been submitted.

4. Vendor Register

- 4.1 Any employee who onboards a new vendor must record it in the vendor register before the vendor receives company data.
- 4.2 Project Managers must confirm that subcontractors on client projects are listed in the vendor register.
- 4.3 It is recommended that vendor owners review their entries twice a year.

5. Policy Attestation

- 5.1 Every employee must sign the annual policy attestation covering the Information Security, Data Privacy and Conduct policies.
- 5.2 Optional: employees may attend the quarterly compliance clinic.
