

UI/UX Designer Role Description

Nexora Labs · Role Description · Design · Version 1.0

Document ID	ROLE-UIUX-108	Version	1.0
Category	Role Description	Effective date	2026-04-28
Owner	Design	Review date	2027-04-28
Applies to	UI/UX Designer	Status	Active

1. Role Purpose

1.1 This document describes the responsibilities and onboarding expectations of the UI/UX Designer at Nexora Labs.

1.2 The purpose of this role description is to set out what a new UI/UX Designer completes during onboarding.

2. Core Responsibilities

2.1 UI/UX Designers must run at least one usability test for each major feature.

2.2 UI/UX Designers must keep design files in the shared design workspace.

2.3 UI/UX Designers should present work in the weekly design critique.

3. Onboarding Requirements

3.1 UI/UX Designers must complete the Accessibility Fundamentals module within ten calendar days of their joining date.

3.2 UI/UX Designers must acknowledge the design system contribution guidelines within five calendar days of joining.

3.3 UI/UX Designers must demonstrate a WCAG contrast audit before the end of their first thirty days.

4. Design System Rights

4.1 UI/UX Designers may create new colour tokens outside the design system for client work.

Deliberate conflict with SOP-DESIGN-014 §3.2 (no new colour tokens outside the design system). Present so that precedence resolution and contradiction detection have something to find.

4.2 UI/UX Designers must not share client designs on public portfolio sites.
