

Data Warehouse and Dashboard Procedure

Nexora Labs · Department SOP · Data · Version 2.0 · Replaces version 1.0

Document ID	SOP-DATA-015	Version	2.0
Category	Department SOP	Effective date	2026-09-01
Owner	Data	Review date	2027-09-01
Supersedes	SOP-DATA-015 v1.0	Status	Active

0. Summary of Changes in Version 2.0

This version replaces version one. §2.1 shortens the warehouse access request deadline from seven days to five days. §3.3 raises peer review from at least one reviewer to at least two reviewers. §5.2 withdraws personal sandbox schemas. §6 on dashboard retirement is new.

1. Purpose and Scope

1.1 This procedure describes how the Data department accesses the warehouse, prepares datasets and publishes dashboards.

1.2 This procedure is read together with the Data Privacy Policy (POL-PRIVACY-004).

2. Warehouse Access

2.1 Data Analysts must request warehouse access through the access portal within five calendar days of their joining date.

2.2 Data Analysts must complete the Warehouse Fundamentals module before receiving query access.

2.3 Warehouse credentials must not be embedded in notebooks or dashboard connections.

3. Anonymised Datasets

3.1 Data Analysts must use the anonymised warehouse replica for all exploratory analysis.

3.2 Data Analysts must not export datasets containing customer records to personal spreadsheets.

3.3 A dataset shared outside the Data department must have at least two peer reviews for re-identification risk.

4. Dashboard Publishing

4.1 Data Analysts must obtain sign-off from the dashboard owner before publishing a dashboard to clients.

4.2 Published dashboards must show the data refresh time and the source dataset.

4.3 It is recommended that Data Analysts reuse certified metrics from the metrics catalogue.

5. Query Hygiene

5.1 Data Analysts should schedule heavy queries outside business hours.

5.2 Data Analysts must not create personal sandbox schemas; shared team sandboxes are used instead.

6. Dashboard Retirement

6.1 Dashboards unused for ninety days must be archived by their owner.

6.2 Data Analysts must notify dashboard consumers at least five working days before archiving a dashboard.
